

Low-Silica: Engineered to Elevate

With Wilsonart Quartz, the evolution of our mineral surfaces is intentional. We constantly refine our expansive catalog of captivating colors, patterns, and veining, pushing forward with innovations like low-silica formulations that raise the bar for beauty, performance, and responsibility. And we're just getting started.

CLOUDBREAK Q4093

STYLISH

Designed to complement any vision, our diverse quartz collection ensures you'll find the perfect match for your space and style.

STRONG

Constructed for ultimate durability—resisting abrasions, scratches and chips—and for effortless maintenance, with no need to seal and simple soap-and-water cleanup. Backed by a 10-year limited warranty.

SMART

Engineered to the industry's highest environmental and responsibility standards, including low-silica styles made with < 40% crystalline silica. Certified by UL GREENGUARD Gold, Declare, and HPD.

New options added regularly as we move toward a fully *low silica* Quartz line.
